Feed Stuff Organic Peas
Trading Name Organic Feeding Peas, Organic Feed Peas.

	**(product may vary in appearance depending on suppliers)
Product Description	Seeds of Pisum spp. It may be rumen protected. When sourcing and trading organic products, it
	must be ensured that the organic supply remains compliant with the standards set out by OF&G.
Specification*	Moisture ~12%
	Protein ~20%
	• Fibre ~4.6
	Admix ~2% (*Values are not contractual)
General Use	Applied in compound feedstuff for all animal classes.
Packaging &	Bulk.
Transport	
Labelling	According to EU legislation 767/2009.
Storage	Dry, cool and dark storage and aerate regularly.
Legal Demands	The product complies with all applicable legislation. Most important elements are:
	Animal feed hygiene legislation: 183/2005
	Regulation 2018/848 on organic production and labelling of organic products and
	repealing EC No 834/2007
	Regulation 889/2008 on organic labelling
	Directive 2002/32/EG on undesirable substances in animal feed.
	Regulation 396/2005 on maximum residue levels of pesticides in or on food or feed
	Regulation (EC) No. 183/2005 concerning animal feed hygiene
	Commission Recommendation- EC 2006/576/EC
	Where applicable The Animal Feed (Amendment) (EU Exit) Regulations Statutory
	Instruments (Scotland, England, Wales and Northern Ireland)
	Where applicable The Feed (Sampling and Analysis and Specified Undesirable
	substances) Regulations 2010. (SI for Scotland 354, Northern Ireland 323, Wales 2287 & England 2280))
Undesirable	The maximum determined contents for undesirable substances in feedstuff, such as established
substances	in:
	Directive 2002/32/EG on undesirable substances in animal feed;
	GMP+FSA; Appendix 1 (Product standards, including residue standards)
	Regulation 396/2005 on maximum residue levels of pesticides in or on food or feed.
	Specific analysis and standard tolerances
Salmonella	Absent in 25g.
Appearance	Light green or yellow meal/flakes.
Country of origin	GB and EU.
	Health Information
Inhalation	May cause lung congestion if inhaled.

Product Data Sheet Animal Feeds

In the event of eye contact may result in pain, redness and watering of the eyes. Seek medical attention if symptoms persist.	Ingestion	None – Not harmful if swallowed.
Irritation. Direct eye contact may result in pain, redness and watering of the eyes. Seek medical attention if symptoms persist.

Toxicological Information Occupational exposure limits None available.	Skin Contact	
None available.	Toxicological	
Emergency first aid procedures	Information	
Ingestion Do tinduce vomiting. Give person water to drink. If gastro-intestinal symptoms develop seek medical help. Eye Contact In the event of eye contact tirrigate with water for at least 15 minutes. Exposure may result in mild irritation. Seek medical attention if irritation occurs. Skin Contact Wash effected area with soap and water. Seek medical attention if irritation develops. Inhalation Remove person to fresh air. Seek medical attention if symptoms develop. Physical state Solid. Appearance Light green/yellow. Odour Peas have a slight, unpleasant odour, which is typical of legumes. They must not smell musty. Flammability limits Where ventilation is inadequate, especially at water contents > 16%, heat and moisture result in a tendency towards self-heating. For this reason, the cargo should not be stowed near heat sources. Fire & Explosion hazard Flash point 9470°C Flammability Does not catch fire. Extinguishing media Foam, dry chemical, carbon dioxide – flames should be smothered. Special freflighting procedures & precautions Suitable extinguishing agents are dry agent, carbon dioxide and foam. Fire flighters should use self-contained breathing apparatus to avoid exposure to smoke and furnes. Special freflighting procedures & precautions Stable. Hazardous Not known. Polymerization Stable. Hazardous Not known. Polymerization Always ensure the work was a has adequate ventilation. In case of dust formation, wear appropriate respiratory protective equipment determined and fitted by an expert. Skin protection Gloves and overalls should be worn when handling. Eye Protection Always wear approved safety glasses when working. Full face protective shields can be worn to avoid contact with face. Wash stations should be provided. Environmental protection Springer protective equipment determined and fitted by an expert. Environmental Protection Springer protective specified by workplace requirements. Environmental Protection Dispose spilled or contaminated material to landfill. Do not release i	Occupational	None available.
