

Supplier	
Cefetra Ltd The Lightyear Building Glasgow Airport Business Park Marchburn Drive PA3 2SJ Scotland 0141 445 5721	
Product Specifications	
Feed Stuff	Organic rapeseed oil
Trading Name	Organic rapeseed oil, rapeseed oil
Image- Typical Image of Organic Rape Seed Oil **	
	
**(product may vary in appearance depending on suppliers)	
Product Description	Produced from organic rapeseed. When sourcing and trading organic products, it must be ensured that the organic supply remains compliant with the standards set out by OF&G.
Specification*	<ul style="list-style-type: none"> <li>Fat: ~100%</li> <li>Protein: ~0%</li> <li>Carbohydrates: ~0%</li> <li>Fibre: ~0%</li> <li>Moisture: ~0.2%</li> <li>FFA: ~2%</li> <li>Erucic acid: ~1%</li> <li>Peroxide value: ~5-10 meqO<sub>2</sub>/kg</li> </ul> (*Values are not contractual)
General Use	Raw material used for compound feed for pig, cattle and poultry animal classes.
Packaging & Transport	Bulk liquid.
Labelling	According to EU legislation 767/2009.
Storage	Dry, cool and dark storage and aerate regularly.
Legal Demands	The product complies with all applicable legislation. Most important elements are: <ul style="list-style-type: none"> <li>Animal feed hygiene legislation: 183/2005</li> <li>Regulation 2018/848 on organic production and labelling of organic products and repealing EC No 834/2007</li> <li>Regulation 889/2008 on organic labelling</li> <li>Directive 2002/32/EG on undesirable substances in animal feed.</li> <li>Regulation 396/2005 on maximum residue levels of pesticides in or on food or feed</li> <li>Regulation (EC) No. 183/2005 concerning animal feed hygiene</li> <li>Commission Recommendation- EC 2006/576/EC</li> <li>Where applicable The Animal Feed (Amendment) (EU Exit) Regulations Statutory Instruments (Scotland, England, Wales and Northern Ireland)</li> <li>Where applicable The Feed (Sampling and Analysis and Specified Undesirable substances) Regulations 2010. (SI for Scotland 354, Northern Ireland 323, Wales 2287 &amp; England 2280))</li> </ul>
Undesirable substances	The maximum determined contents for undesirable substances in feedstuff, such as established in: <ul style="list-style-type: none"> <li>Directive 2002/32/EG on undesirable substances in animal feed;</li> <li>GMP+FSA; Appendix 1 (Product standards, including residue standards)</li> </ul>
Specific analysis and standard tolerances	
Salmonella	Absent in 25 g.
Appearance	Yellow, clear oil.
Country of origin	EU, third country.

Health Information	
Inhalation	May cause lung congestion if inhaled.
Ingestion	None – not harmful if swallowed.
Eye Contact	In the event of eye contact irrigate with water for at least 15 minutes. Exposure may result in mild irritation. Direct eye contact may result in pain, redness and watering of the eyes. Seek medical attention if symptoms persist.
Skin Contact	May cause irritation or sensitivity to skin. Gloves should be worn when handling.
Toxicological Information	Not available.
Occupational exposure limits	None available.
Emergency first aid procedures	
Ingestion	Do not induce vomiting. Give person water to drink. If gastro-intestinal symptoms develop seek medical help.
Eye Contact	In the event of eye contact irrigate with water for at least 15 minutes. Exposure may result in mild irritation. Direct eye contact may result in pain, redness and watering of the eyes. Seek medical attention if irritation occurs.
Skin Contact	Wash effected area with soap and water. Seek medical attention if irritation develops.
Inhalation	Remove individual to fresh air. Seek medical attention if symptoms develop.
Physical properties	
Physical state	Liquid.
Appearance	Yellow, clear oil.
Odour	Slightly seedy and slightly nutty.
Flammability limits	This material is combustible, but will not ignite readily.
Fire & Explosion hazard	
Flash point	>100°C
Flammability	This material is combustible but will not ignite readily.
Extinguishing media	Foam, dry chemical, carbon dioxide – flames should be smothered.
Special firefighting procedures & precautions	
Suitable extinguishing agents are dry agent, carbon dioxide and foam. In case of fire and/or explosion do not breathe fumes. Fight fire with normal precautions from a reasonable distance. Wear self-contained breathing apparatus as toxic gases such as hydrocarbons and carbon oxides may evolve when heated. <b>Water must not be used as increases the potential for heating and self-combustion</b>	
Reactivity	
Stability	Stable.
Hazardous Polymerization	Not known.
Material to avoid	Strong oxidizing agents, heat sources and water/ moisture.
Hazardous decomposition products	Combustion produces CO <sub>2</sub> , CO and may produce toxic fumes of carbon monoxide if burning.
Personal protection / Exposure control	
Respiratory Protection	Always ensure the work area has adequate ventilation. Respiratory protection is necessary when in aerosol or mist formation.
Skin protection	Gloves and overalls should be worn when handling.
Eye Protection	Always wear approved safety glasses when working. Full face protective shields can be worn to avoid contact with face. Wash stations should be provided.
Footwear	Appropriate footwear as specified by workplace requirements.
Environmental Protection	
Environmental precautions	Keep away from drains, surface and ground water.
Spill or leak precautions	No special precautions. Normal sweeping of small spillages and collection is appropriate. For larger spillages mechanical scooping may be necessary (use only diesel vehicles).
Waste disposal	Dispose spilled or contaminated material to landfill. Do not release into drains or other measures.
<b>This is for information purposes only and is not contractual</b>
